Supermajority Votes of the County Board

In most cases, adoption of a motion on the floor of the county board requires a simple majority vote, i.e. more than half. From time to time, though, state statutes and parliamentary authorities subject the county board to a higher threshold. Rather than a simple majority, these motions require at least a two-thirds (2/3) vote or even a three-fourths (3/4) vote for approval.

The following tables list the actions requiring a supermajority vote. There is no attempt to describe any procedures that need to be followed prior to these actions being taken. It often takes more than simply adopting a motion at a county board meeting for board action to be legal. For example, while it is true that the vote requirement for removing certain county officers is two-thirds, the board would first need to comply with section 17.16 of the Wisconsin statutes which contains the procedures that must be followed.
